**Step 3.** Your file will be brought back to website. To add another file, follow Steps 1 & 2. If you want to add more than 4 files, Click

On More Files. Next Click on Merge

**Step 4.** Look in your Download folder and you will find a file named:

As you create more merged files, the file may be named --merged\_document\_2.pdf and so

forth. It looks likes as you make more an underscore ( \_) and a number ( 2 ) is placed after the file name.

If you want to Want to convert a web page

into a PDF file? Do it for free at
